# VOLUNTARY STATEMENT

I, STSC(SS) Eric Gross, USN, do hereby state:

I am the Leading Chief Petty Officer of the sonar division on board USS GREENEVILLE. I have been stationed on board GREENEVILLE for approximately 4 months. I have been on active duty for 14 years. When I checked on board GREENEVILLE, I determined that the sonar division needed advanced training in preparation for the upcoming deployment. As a group, the sonar team is average or above average, but several members of the division need to further develop or refine their skills.

On February 9, 2001, I conducted training for those members of the sonar division that would benefit most from the training. We were more then capable to support both the underway period and train the other members of the division. This was the best lineup to do that. The sonar technicians that went underway were the most senior and tactically proficient division members. The most junior person also went underway so he would gain experience in a real world environment.

The training ashore consisted of a 1-2 hour lecture on target motion analysis and ranging techniques from a sonar watch standing perspective. After the lecture, the division trained at the attack center. The attack center training was designed so they could gain a practical experience applying what was learned in the classroom.

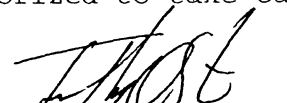

The number of watch standers that got underway with the GREENEVILLE was a sufficient number to cover all required duties for a 7 hour underway period. Usually, sonar technicians stand 6 hour watches. There were two watch sections, which were more than adequate to cover the 7 hour period.

This statement, to the best of my knowledge, is true and correct. I am providing this statement freely and voluntarily, this day, 18 Mar 2001.

STSC(SS) ERIC GROSS  
18 March 2001

Sworn before me, an Officer authorized to take oaths in accordance with 10 USC 1044a.

TIMOTHY D. STONE
